- Change of Gate Codes
- Club Dinners
- Working Bees
- Volunteers for cabin cleaning
- Power Project

From The Chair

Presidents piece for August.

I will keep this short as typing on a smart phone does come with it's challenges.

First we are not having a committee meeting this month due to me being away along with others. I am sitting by the pool on a cool 28 degree day after just going for a swim. Crete is a lovely place and the Greeks are so nice. Their beer isn't too bad either. Can't really go in club uniform as neighbors are close so will have to wait a few days until we get to Costa Natura naturist resort.

It is rather staggering the number of club members who are either away at present or who have just come back from overseas trips. The rain must have driven most away.

I did hear that the power project up top is progressing well. Great stuff Dave and Paul.

The rally organisation is well underway and most things have been sorted. If you can help in anyway please let Constance know. I am looking for bar helpers and help in running sports events. A list of sports events should be on the rally notice board in the hall.

We now have most of the quotes for sealing the driveways so will be making a decision soon.

I am off for a 16km gorge walk tomorrow so that should be fun. Only hope I can manage it and keep up with my son in law.

Let's hope the weather in NZ comes right soon and the place dries out so we can fix all those muddy spots.
Ken.

Volunteers need for Cabin Cleaning

The club needs assistance in cleaning the cabins & preparing them for our guests. This involves washing sheets, re-making beds, vacuuming & tidying up so it's presented ready for our next guest.

If you're able to help out please contact Constance.

Potluck Dinner – Saturday, 26 August 2017

It's a casual affair, bring your smiles, your wifes and your winning game!

Come along early and unwind having a casual game of pool and / or darts.

BYO nibbles and drinks from 5pm. Potluck Dinner @ 6pm

Casual games of pool, darts, indoors bowls after dinner. You may need to bring your own darts, just in case.

Change of all codes to and for the club grounds.

All the codes were changed on Monday 31st July 2017. If you have not received the codes please contact Helen, our Treasurer, to confirm your payment status.

Please do not pass on the codes to anyone. If someone asks you for the codes please refer them to a committee member.

Power Project

The Power Project is continuing in Midlands. Trenches have been dug to bury the cables & with the amount of mud about the area is difficult to negotiate at the moment. Please be careful parking & moving around there, using a common sense approach for the short term.

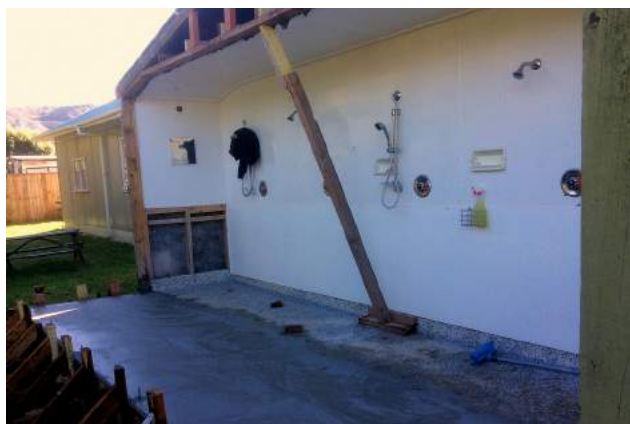

Working Bee List for 27 August

Thank you to the amazing members who continue to volunteer their time to make our club ground shine. I think we can all agree with the mammoth effort that has gone into clearing the trees, shrubs and weeds from around the grounds the results are speaking for themselves. And won't the gardening folk be happy with all that mulch to sprinkle around the place.

It would be fair to say that the FAL shower block has a wee way to go, but Marcel, Ken and their helpers have been busy beavers with the concrete foundation down. I think the open air shower may have some merit for a naturist club, but not sure that too many others would agree, especially at this time of the year.

The library has now been moved to the gym area. There were a group of willing helpers to assist in this process. At times it proved a bit challenging / entertaining, however with persistence, enthusiasm and willingness the job got done.

I would also like to acknowledge Shirley and the wonderful women who provide us with a much needed food and warm drinks after a busy time each working bee. There is always a wide variety of food options available and this is always greatly appreciated by all.

Working Bee List for 27 August

Miniten courts and bank surrounding the area – weeding, clearing around the courts and the seats on the bank – will need weed eaters, gloves, gumboots, clippers.

Clearing drains behind the ablution block on the main lawn and behind caravans/cabins on Midlands.

Cabin maintenance – inside cleaning, checking cutlery, crockery match, washing shelves, etc.

Clearing the mulch to a main pile on lowlands.

FAL shower block, demolition work / concrete cutting / possible installation of drain.

Remember to sign in for working bee and lunch.

Please ensure that you bring appropriate tools (gloves, earmuffs, adequate footwear) to the working bee as the club does not necessarily have all the tools required.

Club Hill Billy Dress Up Dinner – Hosted by Jim

**Say goodbye to Winter and welcome in the Spring
(and daylight savings)**

Catered Roast Dinner

Saturday 23 September 2017

Starting with nibbles at 5.30pm

\$20 / adult

**Please book with Jude and Ken on phone: 526 5258 or email
judemercer@slingshot.co.nz or kmercerc@slingshot.co.nz**
