President's Notes

Lots of things have been happening around the club since last month. The ride on mower had to be fixed. 2 push mowers were serviced so a lot of mowing got done. Great to see site owners tidying up around their sites. If you have not done around your site yet, please get onto it. Many members also mow around other peoples' sites which is great. This brings me to another point. **There are a few site holders** we have not seen for a while so you may like to consider relinquishing your site as we are not a storage facility. Also, if you stay over at the club for a period of time then please let a committee member know of your intentions as we do have a **100 nights maximum stay policy**. It is up to the individual to record the number of nights they stay. We don't want to have to start pointing the finger. Arrangements over 100 nights can be made. The working bee went well last month. Read **Mike's** report in this newsletter (P3).

You may have noticed **10 km/h signs** have gone up around the grounds. Please adhere as closely as you can to this speed as we don't want anybody injured. There are a couple of speedsters around so please take note.

Our last committee meeting covered a lot but some good outcomes were agreed on. Our insurance bill has come up for renewal and is a significant amount. We are not covered for full replacement so be careful with fires etc. December is fast approaching with our custodians **Toni and Steve** are starting their role on the 1 December. We are lucky to have them so please assist them when and if you can. Thanks heaps to those who looked after bookings over the last 7 odd months. The number of bookings taken so far for the next 2 -3 months is huge so take time to have a chat to our visitors and make them welcome.

The yearly NZNF AGM will be held at the Waikato club on the 9th of December. I am our delegate so will be attending. Great to see **Andy** putting his hand up for Database Secretary. I will be standing down as NIVP. (North Island Vice President). **The marketing role and NIVP** are still to be filled so if you are interested, please let me know.

A very special thanks to Judith for all her work on the new letter over the last few years. Nice to have **Claire** on board. **Judith** has also been looking after visitors for a few years now when we do not have custodians.

That's all folks. As usual I am always available for a chat.

Many thanks to those that contributed to fixing the fence with our neighbour on the North side.

The work has ensured that the woodshed won't slide into the stream and makes the whole area safer for those using the Contemplation Garden. It also allows the continued planting of natives in this area and helps maintain our privacy

A very big thank you to **Kay Hannam** and **Brian Williams** for the kind donation of lilies and freesias for the club's garden. Thanks to Jude and June for planting them

The warm, sunny and dry weather for the October Working Bee on 29th ensured a good turnout of volunteers and a great deal was achieved on that day and on some fine days since

A huge **"thank you"** to those who turned up and worked so hard and contributed to the list of achievements. Thanks also to the many who complete a huge amount of work, often un-noticed, outside working bees

- + Fence by Ross and Shirley's caravan repaired
- + Concreting and grass seeding of mowing strip beside pétanque piste
- + Tree trimming & mulching
- + Lining and plastering of store room
- + Hot tub stripped of paint
- + Painting and upgrades to cabins
- + Pool up and running, replacement gas hot water shower installed
- + BBQ area readied for summer
- + Weed-mat and mulch installation around plantings
- + Extra visitor carparks started by playground

The hot tub is

for maintenance

The **good** news is that all the paint has been removed. The **bad** news is that the stainless steel has started to pit. To ensure longevity of this wonderful asset, leaving it "naked" is not an option. It is planned that the remedial work will be completed in December.

In the meantime, the indoor spa will still be available and the swimming pool is currently **25 degrees**.

A big shout out to **Patrick** who has been working tirelessly to improve the track surface and the signage for both the **Lookout Track** and the **Beech Track**. See the **Hall Noticeboard** for the updated Walkers Guides.

LIFE DRAWING

@WELLINGTON NATURIST CLUB

11am-3pm Sun 10th Dec '23

Life drawing with a difference.

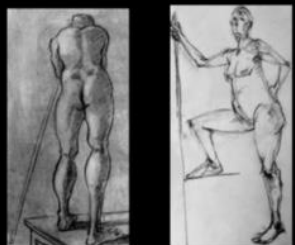

You can choose between modelling for the artists,
or being an artist, drawing the models,
or - of course - swap between the two.

Bring your own art materials, or use what's provided.

You don't have to be good at drawing - just enjoy doing it.

Some instruction and tips also given if required.

Rain or shine. Join in on creating the art of the nude.
